STOCK - Excelsior Column Silvery Lilac

Vaughan's Seed Store

New York

1934

WARNING: Bulb importations this fall will be limited to firm orders. There will be no consignments or shipments for auction sale. Make sure of your supply by ordering of us early.

The picture has changed with the dramatic suddeness which always accompanies catastrophes due to weather.

The worst drouth in history wiped out in a few weeks the surplus grain crops which had depressed markets for years, and at the same time worked widespread destruction in florists' planting stocks.

Cut flower and plant production is reduced so much below its former volume that firm or rising prices may be confidently expected for a long time to come.

Prices on Dutch bulbs are higher, due to government control measures in Holland, and foreign exchange stabilization which makes the guilder, formerly 40c par, now about 68 cents.

Oregon and Washington have fixed minimum prices on narcissus bulbs, which cause substantial increases on top size northwestern grown stock, the only grade on which prices are quoted in this catalog. Bulbs from other sections may be offered at less, but not by us.

Remember, in comparing Dutch bulb prices, WE PAY OCEAN FREIGHT AND DUTY. You are not asked for cash payment of these items, and other added expenses, on delivery of bulbs, as is the case with some American Importers. While prices cover these items, they are much reduced on your order by savings due to large volume handling.

# Second Size Tulips for Resale

### \$25.00 Per Thousand Including Cases and Packing

Department and Chain Stores handle merchandise that is generally inferior to the high quality goods the florist considers himself compelled to supply.

Vaughan's Seed Store handles annually a larger volume of bulbs than any chain of stores. Its huge buying power, combined with long experience, is able to supply its customers with quality bulbs at prices that will permit them to meet Chain Store competition.

We offer true to name, high quality Holland grown tulip bulbs, eleven centimeters (slightly larger than Chain Store bulbs) in ten excellent varieties of Darwins, Breeder and Cottage, all bagged separately, at only twentyfive dollars (\$25.00) per thousand, including cases and packing.

Buying at this price F. O. B. Chicago or New York, you can retail them at fifty to sixty cents a dozen, thus realizing a profit of 50% on your investment, with a quick turnover. All bulbs of this size (eleven ctms.) are blooming bulbs, but are not equal to the stock we offer on the following pages of this catalog. Order Now! This will give you a longer selling season, more profits. Orders filled in rotation as received.

# Garden Seed Sales Increase

Are You Sharing in This Profitable Sideline?

A SUBSTANTIAL increase in sales was shown in the spring of 1934 by the garden seed business. Prospects for next spring are excellent for further recovery in this line, due to general improvement, and to a big reduction in the distribution of free seed by relief agencies.

If you have failed in the past to get your share of this business do not delay any longer, but sign the contract at the bottom of this page and make sure of an assortment of Vaughan's Seeds which will come to you on consignment, without expense or investment on your part.

Thousands of florists have found garden seeds to be an ideal side line. It is logically associated with flowers. Questions about culture can be answered authoritatively by the florist. The customers it brings into your store are flower lovers, who will buy your flowers at seasons when they cannot grow their own.

Vaughan's Seeds are known to you; and our colorful display and advertising materials are especially designed to fit in a florist's shop. They are used in many of the best equipped and most beautiful flower stores in this country. They introduce into the store the atmosphere of spring, and help all sales, as well as seed sales.

No florist should overlook this opportunity to share in a business which really belongs to him. Send us your contract now!

the Dutch government prices are slightly higher than last year, but they remain on a much lower basis than for many years previous.

At present prices hyacinths offer to the florist one of the best opportunities to grow at a minimum risk and cost, pot plants of first quality which can be sold at good prices in the spring market. Miniature size bulbs grown in flats for cut flowers offer a sure crop and good profit. 1 000

# Lily Bulbs

Has the large flowers of the Giganteum type coupled with the blooming qualities of Erabu. The foliage is closely set, all the way up the stem, and it does not lose its foliage near the pot. In appearance, it is sturdier, and a better pot plant. The percentage of flowers from a 7 to 9-inch bulb is higher than any other type of Giganteum.

#### Lilium Giganteum

Owing to the unsettled condition of the Foreign Exchange, at the time this catalog goes to press, we are not pricing this item. The crop of southern grown Giganteum will not be as large as last year due to the drouth. Our northern grown stock will again come from the same selected fields as last season. Our customers may depend not only upon the best market prices, but on guaranteed grading—a vital point. Our arrangements in Japan provide for selection of sound, well-shaped bulbs. Crescent-shaped, malformed and undersized bulbs are taken out. If any of our cases reach you with undergraded or inferior lily bulbs in them, ask us at once for disposition.

#### Lilium Erabu Cold Storage 10 Days

Growers must not force Erabu in great heat. A cool house, 60 te 65 degrees, with plenty of moisture is better, but they will certainly do best when grown in pots so they can be shifted into sections representing varying heights to give proper light and watering

# American-Grown Hardy Narcissi

Northwest-Grown Bulbs From Which No Flowers Have Been Cut PRICES ACCORDING TO GROWERS AGREEMENT CODE

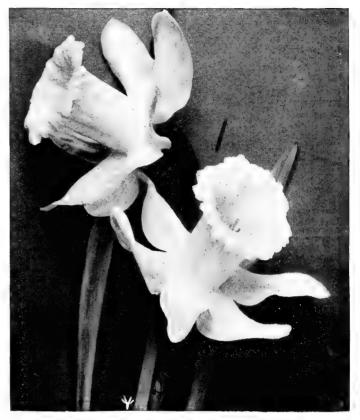

ONE of our representatives makes an inspection each season when the bulbs are in bloom and again after the bulbs have been lifted and placed in trays in the warehouses. Therefore our customers are assured of the best quality.

Quality of our stock has reached perfection through long study and adoption of the latest methods of culture.

Our bulbs are grown in Oregon, where narcissi bulbs grow best. All our stock has come from the same source in the last six years. The most modern implements are used so that bruising and disease are reduced to minimum. After digging, our bulbs are stored in temperatures that have been found most satisfactory by eminent English and Dutch experimenters. This temperature treatment hastens the flowering period and keeps the bulbs firm.

American grown narcissi are now not only grown as well as European, but they travel a shorter distance to you, minimizing the risk of heating and bruising.

### Narcissus Paper White Grandiflora

We have selected our American grown Paper Whites with the same care that we have learned to take in purchasing imported bulbs, keeping in mind the requirements of the greenhouse forcer. All our bulbs are grown from stock that originally came from the same Frenchman who supplied us before importation of foreign bulbs was prohibited. We caution florists against buying cheap bulbs of Paper Whites. You might get bulbs which have been left in the ground two or more years, and which show double crowns. Such bulbs will produce plenty of foliage, but will lack flowers.

The fields from which our bulbs come were inspected by our bulb man at flowering time, to insure true type; and a further inspection was made at harvesting time. Our Paper White bulbs will come from selected fields in Florida and South Carolina. These stocks have all been tested for forcing in soil and in water and the reports from such tests are that while flowering somewhat later than imported bulbs, results are as good.

One of the most showy flowers, good for cut flowers. They thrive in any soil except a very heavy clay. Soak the bulbs in water about 3-4 hours before planting. Set 10 inches apart, about 2 inches deep. Sunny location, plenty of moisture. Special Mixed, 1 year old per 100, \$2.00; per 1,000, \$18.00; 2 year old, per 100, \$3.50; per 1,000 \$30.00.

Anemone St. Brigid Irish Champions. The largest flowered strain of Anemones ever offered in the United States. Large, brilliant flowers in a wide variety of colors, over 90% full double. 1 yr. old number one bulbs, per 100, \$3.50; per 1,000, \$30.00.

#### BRODIAEAS

Capitata. The California Hyacinth, has slender stems 6 to 12 inch high capped with a close cluster of violet blue flowers. Flowers hold up well so should be good for Florists use. 100, \$2.50; 1000, \$20.00.

# 'hite Calla

#### (Aethiopica) Ready in September

Callas being natives of swampy regions grow to best advan-tage where there is an abundance of moisture, and are therefore very difficult to handle in the curing. Some growers practice **premature cutting off the tops**, expose bulbs to **the sun**, in order to make early shipment.

Our stock is **thoroughly cured in the ground** and **dried** thor-oughly before they are packed. This, means **later delivery** but better results can be obtained from such bulbs.

We caution forcers of Callas to water this stock sparingly after planting because Calla bulbs store up considerable moisture.

ORNITHOGALUM AUREUM

Ornithogalum Aureum is a rich apricot orange color, and is perhaps the finest of all Ornithogalums. The flower stems are usually much over a foot in height, with most of the upper half covered with flowers shaped somewhat on the or er of a Paper White Narcissi, only a deep orange color. Its ease of culture, and the long lasting qualities of the flowers make it an ideal cut flower. A pot of this plant was exhibited at San Francisco, where it received the gold medal as the rarest plant in the show. A flower that possesses such long lasting qualities and ease of production is bound to become very popular. Doz., \$2.50; 100, \$18.00.

E VERY customer who enters your store is a prospect for a sale of Paper White narcissus bulbs. Here is a carefully designed, thoroughly tested method of displaying and selling them at a minimum of trouble and expense and the maximum of profit.

Florists cannot afford to sell inferior bulbs. Vaughan's bulbs of 13-14 ctm. circumference and up are of flowering size and highest quality. Three bulbs are enclosed in a cellophane bag which permits complete inspection, but prevents picking over of the individual bulbs, injurious handling and resultant waste. Every bulb we ship you can be sold at a profit.

Our Paper White display box, specially reinforced, decorated in black, red and green, will harmonize with your store display and sell its contents. It occupies 10 by 20 inches space, and one filling provides \$13 to \$20 sales at 100% profit. Why let chain stores get sales which should be yours?

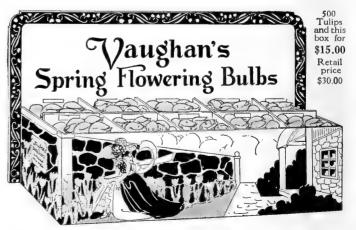

# Double Your Money on Tulips Sold from This Attractive Display

MERCHANDISING of bulbs by local dealers is rapidly growing. This business belongs to the florist, who can supply expert advice to purchasers. Profits are large; there is no spoilage; and the business harmonizes with the florist line, an important point. Our beautiful display box will be an ornament in any flower shop.

Vaughan's ten-compartment display box staunchly made of 100 point cardboard printed in brilliant colors, will hold 500 bulbs, 50 cach of ten varieties.

This beautiful display box, with 500 First Size May-flowering tulips, 50 each of ten named varieties, separately bagged, \$15.00; 1,000 Second Size May-flowering Tulips, 100 each of ten named varieties, separately bagged, and display box, \$25.00, f. o. b. Chicago or New York.

The varieties in this collection are the most popular: Bartigon, Princess Elizabeth, Famcombe Sanders, Inglescombe Yellow, Mad. Krelage, Bronze Queen, Bleu Aimable, Louis XIV, Philippe de Comines, Panorama. You retail them for 75 cents per dozen, and your profit equals your investment. After the display box and first collection have been bought, refil orders will be accepted for \$14.50 for 500 bulbs, 10 each of the same varieties, in bags of 50; or \$28.50 for 1,000 bulbs, 100 each of the same ten varieties, 50 in the bag. As each compartment in the box holds easily 50 bulbs, it is convenient to transfer the entire bagful to the proper bin when the latter is empty. This prevents mixtures and loss of bulbs.

Tulip Display Box Holding 500 Bulbs, 50 each of 10 Named Varieties

#### Counter Space Needed, 13x29 Inches.

The display box with its garden design printed in brilliant colors, occupies very little space on your counter. It is an ormament to any store. It solves the problem of offering bulbs for sale in the retail shop, without danger of mixing varieties, and losing stock.

A year ago we purchased an ounce of your Maple Leaf Giant Pansy and a half ounce of Improved Swiss Giant Pansy seed. We had some wonderful colored Swiss Giants and we cannot describe the size and beauty of the Maple Leaf Giant Pansies when they bloomed this Spring. We want to raise a much larger stock of plants for next Spring.

## Vaughan's Chicago Parks Contains NO Timothy

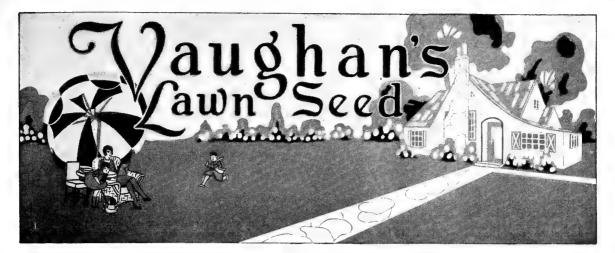

This mixture is blended according to the formula proven in our fifty years' experience to be the best for permanent lawns under American conditions. Scientific experiments confirm our experience. Kentucky blue grass and red top form the bulk of this mixture, to which are added white clover in the correct proportion. Produces a lawn that will endure.

### Vaughan's No. 25 Lawn Mixture An Economy Mixture Containing NO TIMOTHY

We have prepared this blend to fill the demand for a mixture which is both inexpensive and at the same time free of objectionable timothy so widely used as a lawn seed adulterant. Our No. 25 has, as its chief ingredient, the grass which is used for winter putting greens on southern golf courses. It comes up as quickly as timothy, will last longer and makes a fine appearance if kept cut.

# Grass Seed Market Is Rising

## Cover Your Needs at Our Close Quotations for Quality Seed

UE largely to short crops, most grass seeds have advanced in price, but we do not lose sight of the fact that our merchant customers must buy to the best advantage and therefore we price our seeds as closely as possible, supplying always excellent quali-ties of good germination. Seed markets at present are unsettled and prices quoted are subject to change.

Dealers who wish to establish a permanent clientele of seed buvers understand the importance of selling seeds of known value and standard quality. In no department is quality more important than with lawn seed. Protect yourself by selling your customer the sort of seed that has held for Vaughan's a steadily growing business for more than 50 years.

#### Vaughan's Chicago Parks

This is the standard mixture, famous for 50 years, which is composed of recleaned, high quality grass and clover seed combined in the formula approved by the United States government as the best for establishing a permanent lawn. The price of this mixture varies with crop conditions; the quality never varies. Kentucky blue grass, red top and white clover are its chief constituents. It contains no timothy.

### CALADIUMS-Vaughan's

Special Fancy-Leaved

Choice dormant bulbs for January and February delivery. Large variety named sorts. This is one of the most decorative plants for greenhouse growing, window boxes or show plants. Rich, ornamental leaves, handsomer than Begonias marbled, veined and striped with white, pink and dark red.

Our mixture of named sorts is probably the best to be had. We have graded them especially for good size bulbs of the finest varieties.

We find an increasing demand for caladiums; pot plants sell readily from early spring until late summer.

Vaughan's Cannas

Dormant roots ready for delivery January 1st.

This short collection comprises the best obtainable leading new Cannas of real merit in both size of flower and clearness of color.

- Yellow King Humbert 4 ft. An orchid-flowering sport of the well-known variety King Humbert. Has the same habit of growth as its parent; foliage a very dark green, with flowers measuring 5 to 7 in. across; individual petals 3 to 3½ in. in diameter. Color of flower a deep rich yellow, softly spotted and blotched with bright red. Some plants will occasionally give a scarlet or scarlet-striped flower, which we consider an improvement rather than a defect. 100, \$3.75; 1,000, \$32.50.

King Humbert 4 feet. Scarlet flowers, bronze leaves. greatest favorite today. This remarkable "Gold Medal" Canna has been the sensation of the past nine years. It is a cross between the orchid-flowering and the French or Crozy type, combining the best features of both, the large flowers of one with the free-blooming character of the other, and the handsome broad, tropical foliage. 100, \$3.75; 1,000, \$32.50.

- Hungaria 3½ feet. The Best Pink Canna. Very compact, almost dwarf, and of a very luxuriant growth. Leaves bluish green, never burns. Trusses of enormous size, borne well above the foliage. Flowers very large, with very large petals. Color, purest La France pink, with satin sheen. 100, \$4.50; 1,000, \$40.00.

# Ornamental and Flowering Shrubs

Warning-Prices on all nursery stock subject to change without notice due to code regulations or cost advances.

O<sup>UR</sup> shrubs are nursery-grown and are transplanted every two or three years. They are nice, shapely bushes with plenty of good fibrous roots, and are such plants as are in demand by the first class retail trade. They should not be compared to stock that is never moved from the cutting or seedling beds until sold. Our Nursery is located at Western Springs, 15 miles west of Chicago on the C. B. & Q. R. R., two blocks south of 47th Street, on Wolf Road.

Visitors are invited to inspect our stock at any time. We have a choice lot of specimens such as are not usually seen. Our customers will be pleased with the class of stock we send them.

class of stock we send them. Shipping Directions: All stock is sold F. O. B. Western Springs. Packing charges to be added on all orders for shrubs, dormant roses, fruits, trees, evergreens, and vines, at cost. Always give full and explicit shipping directions, as our responsibility ends on delivery to the express or freight office in good condition. All trees, shrubs and plants shipped subject to customer assuming risk regarding their own State Nursery Inspection Regulations. Certificate furnished with each shipment.

Vaughan's Seed Store

### Vaughan's Improved Swiss Giant Mixture

The flowers are of enormous size, 3 inches and over in diameter. They are perfectly round with overlapping petals, borne on strong stalks well above the remarkably luxuriant foliage. The thick petals, are of a rich velvety texture. The superb colors and color combinations—salmons, pinks, rich reds and blues, are their distinctive feature. Excellent for greenhouse culture. Trade pkt., 50c;  $\frac{1}{8}$  oz., \$1.00;  $\frac{1}{4}$  oz., \$1.70; oz., \$6.00; lb., \$70.00.

### Vaughan's Super Swiss Giant Mixture

We have made a special mixture from three of our growers stock. Many of the flowers are five blotched. All the vivid colors of the type are represented in their enormous size and wavy and crinkly flowers. Trade pkt., 75c;  $\frac{1}{8}$  oz., \$1.40;  $\frac{1}{4}$  oz., \$2.65; oz., \$10.00.

Swiss Alpenglow. Color, rich red shades. Trade pkt., 50c; 1/8 oz., \$1.00; 1/4 oz., \$1.75; oz., \$6.00.

Swiss Berna. Dark violet-blue. Trade pkt., 50c; ½ oz., \$1.00; ¼ oz., \$1.75; oz., \$6.00.

Swiss Blue (Ullswater. Thuner Sea). The most distinct rich deep ultramarine blue with darker blue blotches. Trade pkt., 50c; ½ oz., \$1.00; ¼ oz., \$1.75; oz., \$6.00.

Swiss White (Mont Blanc). Trade pkt. \$1.00.

Swiss Pure Yellow. Large size and fine substance. Trade pkt., 50c; 1/8 oz., \$1.00; 1/4 oz., \$1.75; oz., \$6.00; Ib., \$80.00.

Swiss Yellow. Rich yellow with deep brown blotches on the three lower petals. Trade pkt., 50c;  $\frac{1}{8}$  oz., \$1.00;  $\frac{1}{4}$  oz., \$1.75; oz., \$6.00.

Swiss Luna. Soft, sulphur yellow self, round substantial flower with frilled edge. This is a lovely variety. Trade pkt., 1.00;  $\frac{1}{16}$  oz., 1.60.

Geneva Giant. A special selection of Swiss Giants. Trade pkt., \$1.00; <sup>1</sup>/<sub>8</sub> oz., \$2.85; <sup>1</sup>/<sub>4</sub> oz., \$5.50; oz., \$20.00.

### Swiss Dwarf Mixed

For those who desire a dwarfer plant than the original type, we have had our grower make this selection. The colors are the same as in the original strain but the plant itself is considerably shorter. Trade pkt., 1.00;  $\frac{1}{8}$  oz., 1.75;  $\frac{1}{4}$  oz., 3.25; oz., 12.00.

**Roggli Giant Mixture.** A choice mixture of largeflowering pansies, very freely produced and in a great variety of colors. Trade pkt., 50c;  $\frac{1}{8}$  oz., 75c;  $\frac{1}{4}$  oz., \$1.40; oz., \$4.80; lb., \$60.00.

### Vaughan's Maple Leaf Giant Mixed

A distinct variety we introduced three years ago having very large leaves and flowers of gigantic size, 4 to 5 inches across, perfectly round, of heavy substance in many attractive colors and color combinations. A prize winner whenever shown. Trade pkt., 50c;  $\frac{1}{8}$  oz., \$1.20;  $\frac{1}{4}$  oz., \$2.25; oz., \$8.00; Ib., \$100.00.

### Vaughan's "Super" Maple Leaf Mixture

This strain is even finer than the above, with flowers of unbelievable size and texture; larger than in any other strain, while the plants are also of compact growth and the extra large foliage is a rich, dark green. Trade pkt., \$1.00; ½ soz., \$1.85; ¼ oz., \$3.50; oz., \$12.00.
